GO TO THE RESCUE.

Don't Wait Till It's Too Late—Follow the Example of a Maysville Citizen

Rescue the aching back.

If it keeps on aching, trouble comes. Backache is kidney ache. If you neglect the kidneys' warning, Look out for urinary trouble—diabetes. This Maysville citizen will show you how to go to the rescue.

M. C. Chisholm, 317 East Second street, Maysville, Ky., states:

"The cure Doan's Kidney Pills effected in my case some years ago has been permanent, and the public testimonial I then gave in their favor still holds good. I was bothered a great deal by too frequent passages of the kidney secretions, this weakness being especially annoying at night, when I was obliged to arise several times. Having my attention called to Doan's Kidney Pills, I procured a box at J. J. Wood & Son's Drugstore, and had taken them only a short time before I noticed a marked improvement. They soon cured me, and I have since learned of several other cases where they have been used with good results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—take no other.

Look at the Age IT'S CHRISTMAS TIMES.

1906—"Old Barnes," white wheat whiskey.
1907—"Old Maysville Club Rye," it will make smiles.
1908—"Mittie," the cream of all whiskies.
1909—"Old Time," it tastes like more.
1910—"Golden Age," mellow and pleasant.
1911—"Coon Hollow," it's the real stuff, Nelson County.
1912—"Limestone," made from the crystal spring.
1913—"Van Hook," Harrison County's best.
1914—"Cann Clay," the pride of Bourbon County.
1915—"Old Grand Dad," tickles the palate, enriches the blood.
1916—"Greenbrier," try me; you will like me.
1917—"Old Taylor," the highest price of them all.

To Stop a Train

The cost of stopping a train to allow a lone passenger to get off, a thing which is frequently the cause of heated words between the Conductor and patron, is variously estimated by officials of different roads. According to Signal Engineer J. A. Paabody of the Chicago and Northwestern Railway, the cost of stopping a train of 530 tons and returning to a speed of 50 miles an hour is 42 cents. The cost of stopping a 2,000-ton train from 35 miles an hour is \$1. The time lost for making a stop on a level straight track has been estimated at 145 seconds.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for anyone that it fails to cure. Send for list of testimonials.

WOMAN'S RIGHTS.

What are woman's rights?
The right to wake when others sleep;
The right to watch, the right to weep,
The right to comfort in distress,
The right to soothe, the right to bless;
The right the widow's heart to cheer,
The right to dry an orphan's tear;
The right to feed and clothe the poor,
The right to teach them to endure;
The right when other friends have flown,
And left the sufferer all alone,
To kneel that dying couch beside,
And meekly point to Him who died;
The right a happy home to make,
In any clime for Jesus' sake;
Rights such as these are all we crave,
Until at last—a quiet grave.

He has been suffering here of late with a pain under his shoulder blade, and last week he sought the service of a physician and the ball was extracted, the bullet having worked its way through his body and was embedded just underneath the skin.

CHRISTMAS CATTLE

Mr. Thomas A. Keith, one of Mason county's largest and successful cattle raisers, drove through the streets Saturday noon one hundred and fifty-one head of Christmas cattle as fine as ever was seen. It was an export shipment and they go from here to Boston, thence to London, England, for the holiday trade. A plum pudding and a Kentucky roast, what could be more appetizing and satisfying for an Englishman's Christmas dinner?

LOOKING FOR WINTER QUARTERS

Saturday Constable M. C. Chisholm arrested Grover Moore and Tom Jones for stealing from Samuel Middleman's junk establishment in East Front street. They are old timers and up to snuff and tricks of their trade. Now that the chilly blasts of winter are here it behooves such gentry to look out after winter quarters, and Jailer Eitel, being noted as a good feeder, and a bed, a warm room and something to eat is better, so Mr. Moore and his ilk reason is more preferable than lounging on the corners and letting the wind blow through their whiskers.

If there is one thing that has arisen to demoralize the Federal Postoffice business it is the system of frequent change of Postmasters. There is nothing that so disorganizes the postal business as the practice of rotation in office. No Postmaster, or any of his trusted assistants all down the line, should be removed except for some crime or other plain dereliction of duty.

The United States Postal Department, the only real self-sustaining branch of the Government service and the greatest of all business clearing houses, is also the greatest postal institution in the world, and unless its officers are trained and continued in the service the entire system would be weakened and grow weaker as the practice went on.

What Uncle SAM most needs is trained men who know their business, men who know every ramification of the work and who combine all the moral qualities which go with the accurate, safe and intelligent dispatch of the vast system which covers the entire world of commerce and human existence.

President GROVER CLEVELAND, Democrat, was the friend and greatest patron and advocate of the Civil Service System, which, in the brief quarter of a century of its existence, has grown from nothing to the now only recognized method of conducting the many Departments of the Federal service.

The Federal Government's business has been systemized and was long so before the day of railroads, only the railroads have their system down to a finer point. The City Postoffice and Government service at Maysville has, we believe, always been conducted by competent men of acknowledged honesty and ability. These officials have given their best efforts to the conduct of the Federal service and to develop the postal system along progressive lines.

The present Postmaster, Hon. CLARENCE MATHEWS, has been peculiarly gifted for this line of work since his appointment and he has given such public satisfaction that all parties, Democrats, Independents and Republicans, unite in declaring that his administration has been the most satisfactory and progressive in the history of the office. Mr. Mathews himself, possessing as he does a strong element of quiet, but forceful executive ability, is strictly in touch with modern postal affairs and has an office force under him, from Assistant to Janitor, that is hard to equal in the United States. With the occupancy of the new Postoffice Building in Maysville by Postmaster Mathews only a few years ago, the postal business here has nearly doubled, although the population of the city and county has shown a decided slump. The receipts of the Maysville Postoffice are now about \$16,000 a year, while when he assumed the office in 1898, the receipts were less than \$6,000 per annum. Since he went into office the splendid new \$60,000 Postoffice has been erected, and now the sum of \$4,000 is being expended by the Government in betterments and modern improvements. The all-night service is in operation and the kicks from patrons of the Maysville Postoffice are so few and far between that no note is taken of them.

While technically Postmaster Mathews' term expires January 19th, 1911, yet the rule of the Department has been that when no charges have been filed and there is no dereliction of duty the Postmaster is continued in office. It has been the policy of both the Roosevelt and the Taft Administrations to expand the operations of the Civil Service to include all Postmasters. President Taft recommends this in his recent message.

With all parties satisfied with Postmaster Mathews, then why any agitation for a change? The desire for a new Postmaster here is merely a very little political move, which, if the powers that be at Washington hearken to, will lend themselves to the disturbing element in Kentucky politics that'll bode no good to the party in power and at the same time derange the smooth operation of the local Postoffice business.

If a Democratic President should be elected in 1912, then, maybe, there would be a change, but now or next month would merely lend the opportunity to a few kickers to work in conjunction with the Democrats to cause a further political stir in this Congressional District.

We trust that President Taft will hearken to the voice of the people of this city and continue Mr. Mathews in office.

The following articles from two daily newspapers of Maysville bear out what THE PUBLIC LEDGER has to say concerning Mr. Mathews:

Democrats Satisfied With Postmaster Mathews

Postmaster Mathews' term expires January 19th. We have heard of no other applicants for the position and unless his opponents, if any there be, are making a still hunt of it, he will very likely be a lone candidate. Mr. Mathews has made an excellent Postmaster, and we would just as soon as not see him hold on a few years until his successor is named by a Democratic Administration. — Maysville Daily Bulletin, (Dem.) December 9th.

NO NEW POSTMASTER

Maysville is Satisfied With Her Present Postmaster—No Need For New One

The Washington correspondent of The Louisville Courier-Journal says that Congressman Bennett has but one thing more to do and that is to secure the Postmastership of Maysville for the present Postmaster, Clarence Mathews. The correspondent also says that Senator Bradley has another man picked out for the place now occupied by Mr. Mathews and it is up to Mr. Bennett.

The citizens of Maysville are satisfied with our present Postmaster. Mr. Mathews has made a most excellent official and they desire no change.

If President Taft, Senator Bradley and Congressman Bennett want to please the citizens of Maysville they will re-appoint Mr. Mathews and he will be our official for another term. When Senator Bradley knows that is the wish of most of the people of Maysville, both Democrats and Republicans, that Mr. Mathews be re-appointed, there is little doubt but that he will grant the people's wish, withdraw his candidate and join with Congressman Bennett in supporting the man who, in the past several terms, has proven himself the right man in the right place. — Maysville Daily Independent.

Honest Advice to Consumptives

Somehow there exists a vast amount of skepticism as to the possibility of curing Consumption. . . . We state none but facts, and are sincere in what we assert. . . . If ourselves afflicted with Tuberculosis, we should do precisely what we ask others to do—take Eckman's Alternative promptly and faithfully. . . . The reason we should do this, and warrant we have for asking all Consumptives to take it, is that we have the reports of many cures, one of which follows: 1619 Susquehanna Ave., Phila., Pa. Gentlemen: "For two years I was afflicted with hemorrhages of the lungs the number totaled nearly one hundred. Our family physician advised another climate, as to remain would probably be fatal; however, I remained, and in February of 1902, I was taken with a severe attack of pneumonia. When I recovered sufficiently to walk about the house I was left with a frightful hacking cough which no medicine I had taken could alleviate. I was again advised to go to another part of the country. It was a this time, March, 1902, that I learned of Eckman's Alternative. In a short time my cough was gone and I was pronounced 'well' or 'cured.' Since that time I have had two slight attacks of pneumonia and I have resorted to no other medicine to effect a cure. I am at present in excellent health and feel that as long as I can obtain Eckman's Alternative, I have no fear of Consumption. I cannot speak too highly for the good it has done."

(Signed) HOWARD L. KLOTZ. Eckman's Alternative cures Bronchitis, Asthma, Hay Fever, Throat and Lung Affections. Ask for booklet of cured cases and write to the Eckman Laboratory Philadelphia, Pa., for additional evidence. For sale by all leading druggists and J. James Wood & Son in Maysville.

THE PIPE That Came From WILLIAMS'.

Apologies to W. W. D.

I love it, I love it, my pipe, that pleasant smoke; To me it is better than music, with all its minor notes. I love it, I love it, my pipe I wouldn't sell. Because it came from Williams', the pipe I love so well.

Every morning for an eye-opener I would hit my trusty pipe. And every care and trouble would surely take its flight.

I love it, I love it, at liberty or in a prison cell, Because it came from Williams', the pipe I love so well.

After supper every evening, by my grate fire warm and bright, My wife, a book, an easy chair and then my faithful pipe.

I love it, I love it, like I do my baby "Nell," Because it came from Williams', the pipe I love so well.

Now, for Xmas, do not send me cigars, for I do not like the taste, And, as for cigarettes, I know they would go to waste.

You can send me a can of tobacco for the pipe I love so well.
